

GLOBAL AM-TX, Inc. & Companies

(Leading manufacturer of Drilling Muds, Fluids and Constituents)

Global AM-TX has been a developer, manufacturer and wholesaler of Mud Systems, Fluid Systems and Specialty Oilfield Additives since the 1970s. Global started exploring the unique properties of modified Lignite and Asphalt in 1976, and producing premium Fluid Loss Control Additives based on these since then.

We leverage our technical expertise and strategically located warehouses to provide a full line of Environmentally Safe Additives and Fluid Systems at the most competitive price. As demand dictates, we are adding new facilities for Fracking Fluids to better serve our customers.

★ **HQ, Lab, Manufacturing Facility and Warehouse**

★ **Mud Plant / Regional Office / Warehouse**

Headquarters & Mailing Address:

210 S. Hood St., Alvin, TX 77511, USA | 1-281-331-0200 | info@globalam-tx.com | www.globalam-tx.com

Mailing Address: P.O. Box 1287, Alvin, TX 77512

Products & Services:

1. Drilling Fluids:

- I. Oil Based Mud
- II. Water Based Mud
- III. Green Oil Based Mud
- IV. Additives:
FLC, LCM, Clay Controllers,
Lubricants, Thickeners, Thinners,
Water Blocking Agents, Shale
Stabilizers, Foaming/De-foaming
Agents, Corrosion Inhibitors,
Oxygen / H₂S Scavengers, Hole
Cleaning Agents, Specialty
Additives like drill cuttings
degreasers – oil remover, HPHT
additives & P&A slurry

2. Completion Fluids:

- I. Fracking Fluid
 - i. Gel Based (Linear Gel,
Cross-linked Gel)
 - ii. Slick Water Based
- II. Workover Fluid
 - i. Brine
 - ii. HEC
 - iii. Xanthan
- III. Stimulation Additives:
Guar, Guar Slurry, CMC, HPG,
PAC, PAM, PHPA, Starch,
Xanthan, Cross-linkers
(accelerated, delayed),
Breakers, Buffers, Acids,
Biocides, Brines, Surfactants,
Wetting Agents, Gel
Stabilizers, Clay Controllers

3. Production Chemicals:

Flow Assurance Systems,
Hydrate Formation
Inhibitors, PPD, Corrosion
Inhibitors, Scale Inhibitors,
Paraffin Inhibitors, Friction
Reducers, Scavengers,
Demulsifiers, Thinners

4. Cementing Additives:

LCM, FLC, Accelerators,
Retarders, Extenders,
Dispersion Aids,
Foamers – Defoamers,
Weighting Agents

5. Water Treatment Systems:

Flow-back Water
Treatment Chemicals, pH
Controllers, Flocculants,
Demulsifiers, Biocides

6. Bulk Supplies:

Bentonite, Barite

7. Specialty Services:

Warehousing facilities in
active fields, and fully
equipped laboratory
services for our vendors
and customers for FREE
